ATTACKS TEACHER; GOES TO JAIL

Mrs. Rose Barbelloni, an Italian woman residing at Gallatin, was given a hearing before Alderman A. L. Compton charged with disorderly conduct and malicious mischief. In default of fine and costs she was committed to the Allegheny county jail for 20 days.

A teacher in the Sunnyside school punished one of Mrs. Barbelloni's children, a pupil who became unruly, several days ago. Mrs. Barbelloni, when she heard of the treatment to which her child had been subjected, went to the school house and attempted to attack the teacher, and did considerable damage to the furnishings of the school room. For a time Mrs. Barbelloni's outburst caused school in the entire building to be interrupted. The matter later was taken up by the Forward township school board and as a result Mrs. Barbelloni will spend 20 days in the Allegheny county jail.

TWO-ACT COMEDY AT THE H. S. AUDITORIUM

"The Misunderstanding Wife" is the two-act comedy to be presented in the auditorium of the Charleroi High School this evening with the leading negro characters in the valley, making up the cast. The play is under the direction of the students.

The man, who more than any other late President Harding, went out only after a long struggle in which he defied the Senate and House committee to find him guilty of wrongdoing in office and opposed the Council of senatorial friends who advised him to resign his post voluntarily.

Happy Time This Evening For Two Classes

There will be a happy time this evening for two organizations of the Washington Avenue Presbyterian church, when the Self Denial class and the Men's Bible class of that denomination will meet conjointly in a business and social session.

The business session of the organizations will take place at 7:45 o'clock, when officers will be elected for the ensuing year. Following this there will be a musical and literary program. The feature of this program will be an address, "History of the Western Trail," by Fred W. Cooper. Mr. Cooper was one of the pioneers of the halcyon days of 1856, when the "covered wagon" was in its element crossing the plains and great American desert to the then Eldorado—California. The gentleman will tell of his experiences and impressions of the long ago, a time before many of the readers of the Mail was born.

The members of the Self Denial class will serve luncheon.

"The women of Charleroi and adjacent towns are to be congratulated upon the wonderful values you are offering them in your Spring 'Chappie Coat' Sale.

Every garment carries the guarantee Chappie label, assuring their genuineness, as well as your customer's satisfaction.

Washington, March 28—(United Press)—Attorney General Harry Daugherty, friend and political advisor of the Harding administration, was forced out of office today by the fire of a senate investigating committee which prompted President Coolidge to ask for his resignation.

The man, who more than any other late President Harding, went out only after a long struggle in which he defied the Senate and House committee to find him guilty of wrongdoing in office and opposed the Council of senatorial friends who advised him to resign his post voluntarily.

Daugherty indicated he was still in a fighting mood after his resignation. Asserting that President Coolidge's action was "most unkindly," Daugherty in a seven-page letter to the President given out today at the Department of Justice said Mr. Coolidge was following "a dangerous action in suggesting that an attack upon a cabinet officer disqualified for further official service."

"All the pretended charges against me are false," continued Daugherty. "But whether they are false, as a member of the cabinet he is to be incapacitated or disqualified by the preferment of charges against him, no matter how malicious or groundless and he is compelled to give up responsible position, sacrifice his honor for the time being because of such attacks. No man in any official position is safe and the most honorable, upright and efficient public servant should be swept from office and stable government destroyed by clamor."

"I cannot escape the conviction, Mr. President, but your request for my resignation is also most unkindly." It comes at a time when truth is banishing falsehood from public mind even though I have not as yet had an opportunity to place upon the witness stand, before the senate committee a single witness in my defense or in explanation or opposition of the whispered and gossiping charges against me."

Daugherty then launched into an assault of the character of the Senate investigating committee and the men who are conducting it, asserting that some of them openly, bitterly and falsely assailed him under Senatorial disapproval.

He said that the hearing conducted in defiance of all rules of evidence declaring that the witnesses were blasphemers, bootleggers, confessed corruptionists and discredited government employees. Not one of whom have given testimony that could be accepted in the most loosely conducted court in the land.

Daugherty said he knew the President had been urged to retire him on the ground of party expediency.

The ouster of the Attorney General came with dramatic suddenness after weeks of speculation as to how long President Coolidge would resist the demand that he be put out.

The resignation was brought about by a letter sent to Daugherty yesterday by President Coolidge requesting the Attorney General to leave, which was replied to today with request by Daugherty that the resignation be made effective immediately.

The committee investigating chairman, Wheeler, said that the investigation would go on.

RESEARCH BUREAU IN THE COUNTRY

New York, March 28—(United Press)—Branches of his "Citizens' Federal Research Bureau" have already been established in some parts of the country, Frank A. Vanderlip said when he arrived here on an overnight trip from Washington, where he will return today.

"At present I am attending to the bureau's financing," Vanderlip said. "There is no need to worry where the money is coming from. We will have plenty."

Vanderlip refused to confirm reports that he had engaged Scotland Yard in an investigation of governmental corruption. He was enthusiastic about what he said were the results already obtained by the bureau.

Fire Is Still Raging In Potts Colliery New Locust Dale

(Press)—Fire which broke out in the Potts colliery near Locust Dale following an explosion of gas two weeks ago in which one man lost his life is still raging in spite of all efforts to control it. The colliery has suspended operations, according to reports reaching United Mine Workers officials here.

The fire has gained such headway in the East Mammoth vein that it threatens to get out of control entirely and every relief man in the section has been ordered to the workings. The Philadelphia Company emergency car has been brought to the mine and an effort is being made to block the exits and seal air vents in the hope the flames can be put out by flushing.

This is the third serious fire in the anthracite mines of this section in the past three months. Several others of large proportions have been years, destroying millions of dollars worth of coal.

CHARLEROI DRUGGISTS GET AGENCY FOR WONDERFUL NEW REMEDY

Amazing Relief Secured by Hundreds in Other Sections
Causes Local Druggists to Secure
Sales Rights

Not an Experiment But a Proven Success—Money Back If You Are Not Satisfied

Sickness knows no territory; poor health no home. A poor stomach is just as painful and just as annoying in Charleroi as it would be in Atlanta, Ga., or Worcester, Mass.

What will help a weak stomach in one section will prove equally beneficial in another, and it was that fact that caused the druggists of Charleroi to secure the sales rights for Sulac, a remedy that has behind it a history of marvelous success in other places.

That their judgment was good has already been proven, even though it has been but a few days since the first announcement was made that Sulac had been brought here. It is the opinion of those who have investigated the merits of this remedy that it will be as popular here within thirty days as it is in the places where it has been on sale for a long time.

Sulac, if you don't already know what it is, relieves the digestion, stirs up the appetite and tones up the whole system in a remarkable manner. It has a long record of success in relieving chronic cases that have withstood treatment for years. The statement that Elsear Roy, 16 Puritan Avenue, Worcester, makes in the column to the right is typical of the results it has obtained.

Drop into your nearest drug store and ask about Sulac. Find out all about it—it will stand the closest investigation. The manufacturers stand squarely behind Sulac. They authorize very druggist selling it to refund the purchase price to anyone who gives it a fair trial and is not satisfied with the results.

You get no benefit from food that sours and ferments in your stomach. Such a condition upsets your whole system. Sulac relieved this condition for one of the East's prominent cash register men. Read what he has to say in the second column to the right.

If you are run down, have headaches, constipation, heartburn, stomach catarrh, gastritis, acute indigestion or are losing weight, try Sulac. See what a change it will make in you.

He Quit Trying To Eat, Stomach Upset So Easy

Cramps, Pain, Indigestion So Bad, Quit Work, Was Almost A Nervous Wreck

TAKES SULAC—NOW
O. K.—BACK TO WORK

Producing is worth its weight in gold for folks with stomach complaints," declared Elsear Roy, 16 Puritan Ave. "I am a carpenter by trade—do lots of climbing on scaffolds, but my stomach got so bad—my nerves were so shaky and my whole health was so poor I had to quit work. I was scared blue to do any climbing. I felt hungry now and then but didn't dare eat much on account of the awful cramps, gas and indigestion attacks. My tongue was coated all the time. I know my breath was bad, but though I tried a lot of remedies nothing did me any good and I was going down hill fast. Finally I started taking this wonderful stuff called Sulac and three bottles gave me a new lease on life. It is a real honest to goodness medicine and I feel one hundred percent fine. I feel better than I have in four years and am weighing about 190 pounds, working every day and enjoying big meals, work and recreation like I wish. Thanks to Sulac I'm a new man and I consider it worth its weight in gold for stomach complaints," continued Mr. Roy, member Local 408, St. Jean the Baptist Society and other organizations in Worcester.

Read what other users say above and on the right. Anybody can get the same results. Sulac is the very finest, powerful remedy money can buy. See directions on each bottle. Relief guaranteed on full treatment, or money back.

Sulac is sold by Hennings' Drug Store and other high class druggists.

Sulac Stops Business Man's Stomach Trouble

Bilious, Sour, Indigestion Spells, Sluggish Liver, Had Him Badly Worried

TOOK SULAC, NOW EATS,
SLEEPS, FEELS DANDY

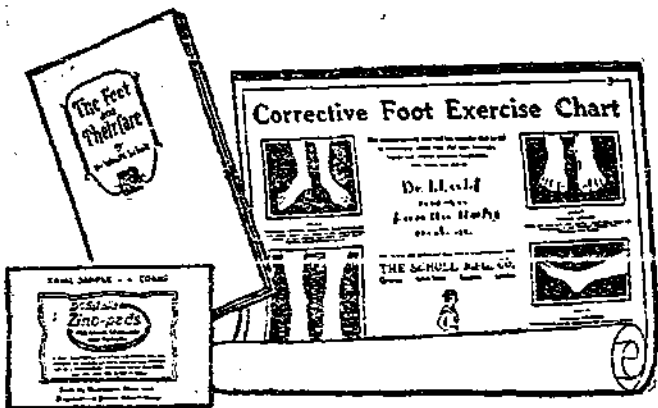

"Yes, indeed, that new remedy they are selling down at Green's is the best thing I ever saw," declared Daniel J.

Lucy, one of Worcester's best-known Cash Register men. "I'm tickled to death my friends recommended Sulac to me, because my stomach was in terrible condition, causing me great discomfort after a meal. I'd gag, bloat up and sometimes vomit. The gas made me belch and made my mouth taste bad constantly. Food soured and fermented down in my stomach. My nerves were so unstrung I couldn't sleep nights, and yet, since I started taking Sulac, my stomach trouble has all disappeared. My liver is active. I sleep, eat and feel fine, and consider it a wonderful remedy. I recommend Sulac, and the Green Drug Store is surely wise in advertising and recommending a preparation like this," continued Mr. Lucy, Walker Building, Worcester, Mass.

See what another Sulac user has to say in the column to the left. Ask your druggist about it.

NEW TIME CAUSE
OF A FARMER
LOSING MONEY

Harrisburg, March 28—How can a cow be made to observe daylight saving time?

A Pennsylvania farmer was worried over this problem in one of the many letters dealing with both sides of the time issue which have been received at Attorney General Woodruff's office the past few weeks.

"As it is now," wrote the farmer, "I get out of bed at 3:30 a. m. every day to milk the cows in time for the 5:30 milk train."

"When this damphool daylight saving time starts the milk train will come an hour earlier."

"Not only must I be dragged out of bed at 2:30 but I must also disturb the cows' rest. The result is they don't give as much milk and, of course, I lose money."

"WE KILLED THE BEAR."

"It has remained for William G. McAdoo to claim that the Democratic Party won the war," remarks the Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr. "In an address at Nashville, Tennessee, on March 1, Mr. McAdoo was drawing comparisons between the Republican and the Democratic Administrations and then said: 'We fought the war so efficiently that it ended one year before the military experts of Europe said it could end.' And after discussing various features of the war he said: 'Is not that credit to the Wilson Administration?'"

This amazing partisan claim is made in the face of the record which shows that the Republicans of Congress supported war measures by a larger percentage of votes than did the Democratic membership. The claim of efficiency in the Democratic Administration's conduct of the war is made in the face of the address delivered by Senator Chamberlain, Democratic leader on the Military Affairs Committee, openly charging that the administration of military affairs had broken down, which charge was proven by a citation of numerous incontestable facts.

"The war was won by the united efforts of the American people and in spite of the bad administration of the Wilson regime. We spent hundreds of millions on airships that never flew; on ships that never floated on the sea; on cannons that never fired a shot. Under the cost-plus system preparation for war was delayed and the expense of that preparation was increased beyond all necessity and all reason."

"There has never been any disposition on the part of Republicans to claim that they did any more than their share in the prosecution of the war and in the support of the Government in its military operations. Nevertheless, since Mr. McAdoo has raised this question from a partisan standpoint it is pertinent now to remind him and other members of his political organization that when the conscription law was enacted and put into effect the Democratic Administration made a new application of census statistics by the adoption of which a smaller quota of men was conscripted from Southern States and a correspondingly larger quota from Northern States. If Mr. McAdoo undertakes to defend the system of apportionment of the draft to the several states he will find much difficulty in convincing the country of the justice of the basis of apportionment adopted by the Administration of which he was an important part. If we are to discuss the war from a partisan standpoint—which Republicans have never sought to do—then this is a very pertinent subject to be included in the discussion."

"The statement that 'we (meaning the Wilson Administration) fought the war so efficiently' is one that may be safely referred to every man who went across the ocean or who, on this side of the Atlantic, had opportunity to observe the manner in which time was lost, money wasted, and favoritism practiced by the Administration on which Mr. McAdoo now seeks to confer a post, if not all, the credit."

PARTISAN BREAK IN OIL COMMITTEE

Washington, March 28. — (United Press).—A partisan break has developed in the Senate oil investigation committee and is causing threats of an attempt to oust Senator Selden P. Spencer, Missouri, Republican. Democrats threaten to carry their fight against Spencer to the floor of the Senate today.

They charge the newest Republican member of the investigating committee with improprieties in attempting to "get something on" Senator Walsh, chief of the Democrats, and leading prosecutor.

Conference of Democratic members of the committee have been held, and two methods of proceeding against Spencer have been discussed:

1—Presentation of a formal motion in the Senate asking his removal from the committee.

2—A directly opposite policy of giving him every leeway.

At least two Senators say they will lay Spencer's actions before the Senate in speeches.

The Missouri Senator was appointed to the vacancy of Chairman Lenoir a little more than a week ago. He immediately aroused Walsh with his manner of questioning witnesses, and Walsh openly charged him with "putting words into the mouths of witnesses."

Goose Had Viking Gold

According to a Reuter dispatch from Bergen, a small boy, living at Rogaland, Norway, was recently the hero of an adventure which reads like a fairy story.

The youngster had driven a flock of geese to the village pond and was on the point of herding them back to his father's farm when he noticed a glint of gold in the beak of one of the birds. He caught the goose and removed from its craw a beautiful brooch of very curious design. This he took to the conservator of the Stavanger museum who pronounced it an unusually rare and beautiful specimen of the goldsmith's art, dating, he declared, from the era of the Vikings.

Of Course

The youthful bugler wore a proud smile as he turned out on parade for the first time. He was accosted by an officer and asked if he knew all the bugle calls.

"Not all, perhaps, sir," he admitted, modestly, "but I know most of them." "Well, now," continued the officer, "what would you do in case of fire?" "Blow the call for lights out, sir."—Los Angeles Times.

Blames Thackeray

J. L. thinks that Thackeray started one of the slang expressions we use today and by way of proof quotes as follows: "You are now, Sadler?" asked a character in "Fanny Hill." "There's a hackney coachman downstairs . . . vowing he'll have the law on you." "What do you mean, law?" Sadler faintly asked.—Boston Transcript.

SARAZEN AND
ST. JAMES WILL
CARRY THE MONEY

New York, March 28. — (United Press).—Mrs. William K. Vanderbilt's champion Sarazen and George D. Wiacner's St. James, probably will carry the bulk of the eastern money that will be wagered on the Kentucky Derby.

Practically every owner in the East has a candidate or two among the hundreds of thoroughbreds that are working out on the Metropolitan tracks, but Sarazen and St. James are dominating the interest because of their records as two year olds.

Sarazen, which may be the favorite in the Derby, stepped a half in 5.30 in his last workout, and St. James did the same distance in 5.51.50 under a pull from Jack Joyner's exercise boy.

Sarazen had a falling in his ankle which kept him in the stable for several days last week and caused his trainer, Max Hirsch, considerable worry, but has shown no signs of lameness in his workouts this week.

Teeth Stains Bleached Out New Safe Way

Say Goodbye to dull, yellow, stained teeth! For a new harmless treatment — Bleachodent Combination — bleaches away the stains and makes teeth flashing white—often in just three minutes! Treatment consists of a mild safe liquid which curdles and softens the stains—and a new kind of paste, which gently removes the softened stains and used daily prevents the formation of new stains. Does not affect enamel as its mild ingredients are especially combined to act only on surface stains—not on the enamel itself. Only a safe, mild preparation like Bleachodent Combination should be used on children's teeth, which are naturally soft and sensitive, and which are especially subject to stains and decay. Fine for the gums. Get Bleachodent Combination today for few cents at all good dealers, such as Piper's Pharmacy, Hennings' and Wagner's Drug Store.

Why Family Expenses

Are Like Automobiles

Money in the home takes the place of gas in the car. It furnishes the motive power. The pace you travel depends on the amount you "feed" the engine!

It needs a steady hand at the wheel, a sure foot on the gas and brake, in the home just as in the car. In fast spending, as in speeding, there is danger.

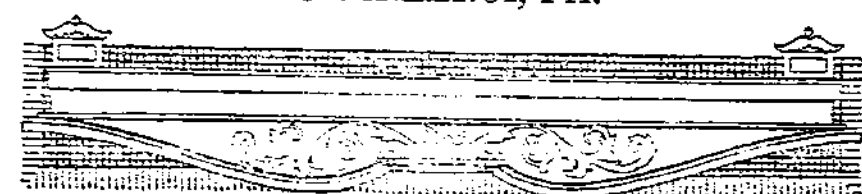

The cars that give best service are those that are driven carefully at moderate speed.

The family that gets along best is the one that saves consistently, spends wisely, steers carefully to reach the goal of better conditions.

"O, Where is My Wandering Boy Tonight?"

If you made doughnuts today—if you used Calumet Baking Powder—don't wonder—don't search—look in the pantry. He's probably there, the little rascal, getting his "fill" of those golden brown goodies. It's a big temptation—even for "grown-ups"—those wholesome and nutritious doughnuts.

Housewives who are particular about the purity of the foods they serve—and the majority of them are—never fail to ask for Calumet when they buy Baking Powder. They know by the "time-and-again" tests right in their own kitchens, that it is the highest in quality—lowest in cost and greatest for results.

VESTER GIVEN AN APPEAL

John W. Vester of Washington, an employe of the firm of Vester, Stewart & Russell of Washington, has upon petition, been allowed an appeal from summary conviction, having been arrested on Monday, March 24, by J. T. Haney of the state highway patrol, and taken before Alderman I. E. Goodridge, of the Fifth ward, where he was fined \$10 and costs. To this action protest was made.

Mr. Vester sets forth in his petition that just prior to his arrest a truck of the firm of Vester, Stewart & Russell had become stuck in mud along side a state road in North Strabane township. Mr. Vester was sent by the firm, with another truck, to the relief of the stalled truck. He avers that he tried to get the mired truck from its position, and having failed, both trucks were left standing along the highway while a team of horses and wagon were secured and the load of lumber on the first truck removed.

Just before he was arrested Mr. Vester says he had left his truck on the extreme edge of the highway and had started toward the team and wagon to show the driver where to unload the lumber. Just about that time the state patrol officer came along, called to Mr. Vester to return to the truck, and when he did so, placed him under arrest. Mr. Vester further sets out that he was required to move his truck, which he did to an adjoining piece of land, but the owner there objected, and he removed it to another place along the road. There, it is averred, the second truck got mired and had to be pulled out by a team of horses.

The appellant alleged the officer exceeded his authority and acted in an arbitrary manner when the hearing was had before the alderman.

MITCHELL STONE TO BE UNVEILED ON MAY 30

Scranton, Mar. 28.—(United Press)—For one day Scranton will become the labor center of the country.

On May 30 when the United Mine Workers unveil their monument here to John Mitchell, late international president of the miners, nearly every labor leader of prominence in America will be here.

Plans are being made for ceremonies which will rank among the most impressive ever staged in the anthracite region. It is expected that 50,000 people will be in the parade which will wind around the statue and be reviewed by Samuel Gompers, John L. Lewis and many representatives of foreign labor organizations.

The union is preparing a memorial program containing a history of the organization and Mitchell's life story. More than 50,000 will be printed for distribution at the ceremonies. The statue of Mitchell, designed by Peter Sheridan of Hazelton, will be completed early in May.

GRANT'S SPECIAL LAWN GRASS SEED.
Grant's Special Lawn Grass Seed, from yearly comparative trials, has proven to be unsurpassed for first-class and permanent results. This is due to the fact that we use only the very finest varieties of most suitable grasses, thoroughly reseeded, free from all chaff and weed seeds.

Grant's Special Lawn Grass Seed contains a well balanced blend of various American and foreign fine bladed and deeply rooting grasses which has proved to produce the very best results under the varied conditions as to soil and climate met with in America.

Grant's Special Lawn Grass Seed will give a green, smooth, velvety sod with a thick bottom and free from such varieties of common grasses as produce clumps and knots on the lawn, which so frequently spoil the desired smoothness.

In the beautiful parks and cemeteries in and around where best results may be had in order to produce beautiful and enduring turf Grant's Lawn Grass Seed is used almost exclusively.

Before seeding, the soil must be thoroughly prepared, pulverized and enriched with Sheep Manure and Bone Fertilizer before sowing the seed. A mixture of 75 pounds Pulverized Sheep Manure to 25 pounds Bone Fertilizer scattered over the lawn, once every month before the dry hot weather sets in, forms a mulch which protects it during the hot dry season. One pound will sow 20x20 feet, 10 pounds will sow 50x150 feet, 60 pounds will sow an acre, 30 pounds measure one bushel.
